Description:

I have a well cared for condo for sale at “The Point Condominium” in Pratamnak Hill Pattaya. The room was designed and built by myself at the time of development five years past. The room is located on the 8th floor of the building providing panoramic sea views. The room comes fully furnished as the photography displays or as per the buyer’s request. The Point Condominium is very well managed and maintained with swimming, recreational and outdoor facilities located on both the 9th and 16th floors.

Through private sale in which I will myself be controlling as the owner of the property, I have current arrangements with one of Pattaya’s more well known “co Thai-Foreign operated’ law firms to facilitate the contract of sale as well as all transfer procedures to ensure a safe and smooth transaction of sale for both parties.

The condo must be sold for personal and progressive purposes and all serious offers will be considered at the time of inspection. I am offering a very well presented room as per the photos detail in which any buyer would be satisfied upon purchase.

Please contact me if you require further photos or information prior to inspection.
