With a location that has such heavy traffic, it is  
fortunate the project is so close to the BTS to  
provide a fast and efficient mode of transportation,  
with which your easy conveyance to other parts of  
Bangkok and the surrounding areas is assured. This  
is in line with how the urban way of life has  
developed and the designers of the project have been  
motivated by this ecosystem of connectivity, whilst  
still keeping safety, attractiveness and the daily  
routine of consumers at the forefront.

The textures of materials were selected during the  
design process to communicate regional landscapes  
that depict rail travel as the ultimate rapid  
transportation method, which can take you to  
multitude locations with varying scenery, perfectly  
complimenting the project's location as it is so  
reliant on the train for travel purposes and resident's  
desires for mobility and convenience. This will help  
improve the variety of uses in each area. View less
