Description: Club Royal is the perfect choice for those who want to be located in Wongamat, with easy access to a private beach but whose budget doesn't reach to buying into one of the beachfront developments that are currently on offer.

Although Club Royal is a second-line development, buyers on the project will be able to use the private beach belonging to the adjacent Modus development, which...[View more](#)

Club Royal is the perfect choice for those who want to be located in Wongamat, with easy access to a private beach but whose budget doesn't reach to buying into one of the beachfront developments that are currently on offer.

Although Club Royal is a second-line development, buyers on the project will be able to use the private beach belonging to the adjacent Modus development, which is reached down a quiet road that sees no traffic other than that going to Modus.

However, such are the facilities on offer at Club Royal that you will probably be more than happy to remain on site, enjoying the huge swimming pool and water features contained here – one of the largest pool areas you will find outside the huge resorts of Jomtien. Those just wishing to spend lazy days sunbathing can do so either next to the pool, or on the development's roof terrace, from where there are views of both the sea and the Sanctuary of Truth temple and the parkland which it occupies, located less than 300m from the site. Those of a more active nature can work out at the fitness centre that is among the many facilities that is included on site, as is a convenient minimart.

With two of the four buildings which will eventually comprise the resort already completed, offplan buyers are able to see exactly what they will be getting from their finished apartment.

In summary, Club Royal is an excellent option for anyone who wishes to locate themselves in the most exclusive part of Pattaya – Wongamat, but who are looking for a better value for money option than any of the firstline beachfront developments on offer in the same area. [View less](#)
