M Phyathai is the perfect location for anyone who is constantly on the move because, being situated in the Central Lumpini area, you are right in the very heart of today's vibrant Bangkok. With Victory Monument BTS station less than 200m from the building, all of the many delights of Thailand's capital city are within easy reach, with some of Bangkok's best shopping and entertainment options right on your doorstep. For those looking to travel further afield, the nearby Victory Monument Expressway exit makes it an easy trip to the airport or outside the city, easily avoiding congested streets in the process.

M Phyathai consists of a single slim tower covering 35-floors. Each part of the high-rise building uses different materials and tones which interlock with each other. Rich colours run across lighter colours to create a flowing contrast – a style that forms a truly unique and elegant building. The tower contains 215 units, with just eight units per floor, of which six enjoy a corner setting to maximize the amount of light coming into the apartments.

Coming from one of Thailand's leading developers

with a reputation for building some of the most luxurious developments in the country, you can be assured that construction quality and the level of facilities on offer at M Phyathai are among the best that it is possible to find in the capital. All of the facilities at M Phyathai are located on the three top floors of the tower, which are connected by a glass elevator offering views of both a large infinity pool which overlooks the cityscape beyond with jacuzzi pools at the side. Other attractions among the top three levels are a spa room, fitness centre with state-of-the-art equipment, sauna and steam room, a sky garden with a cabana and a BBQ corner, plus a reading room and a karaoke room. There really is something for everyone among the facilities on offer here.

As for the apartments themselves, M Silom is different from the majority of high-end developments on sale in Bangkok currently due to the fact that they are supplied on a fully-furnished basis. So that you can be sure that the decor matches your own personal style, there are a choice of five different designs to choose from: the Metro design, the hip Mod scheme, the Minimalux theme, the Mystique look and the Mademoiselle concept.

In summary, M Phyathai offers buyers a fabulous, personalized five-star lifestyle option with all of the attractions of Bangkok within easy reach.View less
