If you're attracted by the location and beautiful surroundings of Pratumnak Hill but find all of the other options here outside your budget, then Water Park could be the best option for you as it offers the best value-for-money that it's currently possible to find in this highly desirable area together with excellent facilities

Water Park is located on Pratumnak Soi 6 in a quiet part of this upmarket area, located just 800m away from the sandy beaches of the area, with many shopping and entertainment facilities also within easy walking distance.

All of the apartments at Water Park are supplied on a fully-furnished basis, which makes them even better value when compared to competing projects. Although apartments at Water Park are such good value, the project offers a similar high level of facilities to any other of the luxury boutique developments in this part of the city. Water Park gets its name from the fact that it contains a far larger area of pools than on any other development of its size. There is one large pool on ground level

which is ideal for small children to use safely, while adults are likely to prefer the second rooftop pool which offers beautiful views down the hill to the blue waters of the sea beyond. Other facilities here include a fully-equipped fitness centre plus a sauna as well as a pool bar and coffee bar – all located on the rooftop so that everyone can enjoy the sea views. So, if you have fallen in love with the quiet ambiance and convenient location of Pratumnak Hill and are looking for the best value development that you can find here, Water Park could very well be the right project for you.
