The villa has a southwest orientation and from its hillside location with an uninterrupted spectacular panoramic view of the Island and the Gulf of Thailand. The villa is located in a quiet neighborhood with only a few resorts nearby and a large banana plantation next door. The villa has a

shared parking area and is the first in a row of 3 luxury villas. It has a deluxe finish and radiates a delightful and comfortable atmosphere. The eye catcher is obviously the view, but once you start looking around you will notice that it has been built with an eye for detail and a passion for comfort. The entrance leads into a very spacious living room with open concept kitchen and stunning sea views. The kitchen is simple but sufficient in size and amenities. Connected to the living room is a bedroom with en-suite bathroom overlooking the expansive terrace and sea views. Sliding doors enable these rooms to be opened up to integrate the outside terrace and inside living spaces. The terrace has beautiful sea views, an infinity swimming pool, outdoor sitting area, completed with a covered seating area and plenty of space for sun loungers and a BBQ.

The downstairs can be accessed via an internal staircase. It has 2 bedrooms, both with glorious sea views and a shared bathroom. The rooms have a similar finishing and decoration as the upper floor. The villa is well maintained. Polished concrete floors, walls, beds, sofas and doors and window frames made of aluminum all make it easy to keep the villa in excellent condition. All the rooms are complete with air conditioning units and fans to ensure you stay cool year round.
