Ideo Mobi Sukhumvit 66 is the latest launch by Bangkok\'s leading developer. This is in a key part of Sukhumvit Road which is undergoing a very exciting infrastructure boost where investors can benefit from a lower price compared to more central parts of Sukhumvit.

BTS Udom Suk station is only 50m from Ideo Mobi Sukhumvit 66 – this is where South East Asia\'s biggest shopping mall is being built - Bangkok Mall. The next stop is Bang Na which is the major intersection of the Chonburi Highway (to Pattaya / Ports) and Sukhumvit Road (Central Bangkok). This is such a major junction that the sprawling Bitec Convention Centre was just recently completed here. Udom Suk and Bang Na will be linked by a skywalk connecting Bangkok Mall with Bitec Convention Centre for pedestrians, just like what exists now between Siam Paragon and Central World in down town. This area is a new CBD just 20 minutes by BTS to areas such as Asoke / Thong Lo, but it is conveniently closer to Suvarnabhumi Airport which

is only 30 minutes by car.

Ideo Mobi Sukhumvit 66 is a high-rise building of 28 floors offering panoramic city views, but it is also more exclusive with only 298 units. Many overseas buyers can be surprised at how small condominiums are built in Asia so it is good to see we have units here that are larger than the majority of surrounding buildings – offering something unique from the local competition. The units available here are 1 Bedroom (34 m2 – 52m2) or 2 Bedroom (80m2 – 86m2). There is a comprehensive selection of facilities at Ideo Mobi Sukhumvit 66 which are mostly on the 27th and 28th floor. These include: "horizon lap pool", "beyond clouds pool", sky lounge, steam / sauna, fitness centre, and the "cloud garden". View less
