Sliding Glass Door Between Kitchen and Living room. Balcony Accessible from Kitchen with Great view. Only 500m to Mo Chit BTS Station.

With a location that has such heavy traffic, it is fortunate the project is so close to the BTS to provide a fast and efficient mode of transportation, with which your easy conveyance to other parts of Bangkok and the surrounding areas is assured. This is in line with how the urban way of life has developed and the designers of the project have been motivated by this ecosystem of connectivity, whilst still keeping safety, attractiveness and the daily routine of consumers at the forefront.

The textures of materials were selected during the design process to communicate regional landscapes that depict rail travel as the ultimate rapid transportation method, which can take you to multitude locations with varying scenery, perfectly complimenting the project's location as it is so reliant on the train for travel purposes and resident's desires for mobility and convenience. This will help improve the variety of uses in each area.View less
