Excel Groove is a low rise project of 8 floors and 2 buildings with a swimming pool, terrace and garden at it's centre. This self-enclosed design allows for an ambience of tranquility and privacy in the busy city. The facilities at Excel Groove offer the quality lifestyle essentials, most of which are positioned on the ground floor. These amenities include: infinity edge swimming pool, wooden sunbathing terrace, garden, co-working space, coffee gallery, fitness centre, and BTS shuttle service.

Excel Groove has a location in Bearing / Bang Na this is where South East Asia's biggest shopping mall is being built – Bangkok Mall. Bang Na is the major intersection of the Chonburi Highway (to Pattaya / Ports) and Sukhumvit Road (Central Bangkok). This is such a major junction that the sprawling Bitec Convention Centre was just recently completed here. There will be a skywalk connecting Bangkok Mall with Bitec Convention Centre for pedestrians, just like what exists now between Siam Paragon and Central World in down town. This area is a new CBD just 20 minutes by BTS to areas such as Asoke / Thong Lo, but it is conveniently closer to Suvarnabhumi Airport which is only 30 minutes by car. View less
